# ROAD ISSUES

## Road Safety - a message from John Tonkin College

Road safety is a major issue for everyone in our community. Road fatalities affect more than the individuals themselves; it impacts on their families, friends and community.

It is important that we all play our role in maintaining safe roads for all road users by sticking to the speed limit, having regular breaks to avoid fatigue, abiding by all road rules, minimising distractions and not driving under the influence of harmful substances.

If you have any queries and or comments please contact:

## Road Safety Vision

At John Tonkin College we believe road safety is integral to the well-being and life long learning of our students. We aim to provide a safe and supportive environment for the school community. We endeavour to engage the whole-school community in our road safety initiatives and are committed to providing our students with road safety education across all year levels.

# School Commitment on Road Safety

Our School Road Safety Guidelines are consistent with the Principles for *School Road Safety Education*. The guidelines promote a whole-school approach to road safety, where school staff, parents, students and the wider community encourage safer road use and work together to establish and maintain a safe road environment. Our guidelines have been developed to address road safety in a caring and consistent manner within John Tonkin College.
